Salem, OR 97302-1288

We have audited the Electronic Prescription for Controlled Substances functionality for Open Dental EHR Version 16.3 which utilizes the NewCropRx Core 13 software prescribing application as required by the US Department of Justice Department of Drug Enforcement Administration 21 Code of Federal Regulation 1311 Subpart C.

Our audit was performed in accordance with the Standards of the Information Audit and Control Association by a Certified Information Systems Auditor and accordingly included testing considered necessary under the circumstances to ensure the required points of functionality required by Drug Enforcement Administration 21 Code of Federal Regulation 1311 Subpart C were functioning and in place regarding the Open Dental Software EHR v16.3 utilizing the NewCropRx Core 13 Electronically Prescribed Controlled Substance Application.

In our opinion, Open Dental EHR v16.3 utilizing NewCropRx Core 13 software application meets all required Department of Drug Enforcement functionality as required by 21 Code of Federal Regulation Section 1311 Subpart C.
